ADEKUNLE (ADE) ADENIJI

Kingston, Ontario | 343-989-2373 | teminicrownpro@gmail.com

PROJECT MANAGER | PROJECT COORDINATOR

PROFESSIONAL PROFILE

Project manager and coordinator with more than three years of experience delivering multidisciplinary projects for The Metropolitan Museum of Art, the Denver Art Museum, the Smithsonian, and a Kingston non-profit, each governed by fixed public launch dates. Manages the full project lifecycle, from charter and scope definition through planning, execution, monitoring and control, and formal closure, using predictive, Agile, and hybrid approaches. Keeps executives, specialist teams, partners, and volunteers aligned on one schedule and one budget, and turns delivery and budget data into decision-ready reporting. Brings graduate training in project management, digital product management, and professional communication.

AREAS OF EXPERTISE

Project Lifecycle Management • Project Charters • Scope Statements and SOWs • Work Breakdown Structures
Scheduling and Critical Path • Budgeting and Cost Control • Risk and Issue Management • Change Control
Stakeholder Engagement • Status Reports and Dashboards • Quality Review • Vendor and Procurement Coordination
Agile and Scrum • Hybrid Delivery • Requirements Elicitation • Survey Design and Evaluation • Lessons Learned

PROJECT MANAGEMENT COMPETENCIES

- **Integration and change:** developed charters and integrated plans, consolidated work into one schedule and budget baseline, and routed changes through documented approvals
- **Scope and requirements:** elicited requirements from clients and partners, built work breakdown structures, and validated deliverables against acceptance criteria
- **Schedule and cost:** sequenced activities, tracked milestones and critical path, and reported spend and variance so overruns surfaced early
- **Quality and risk:** managed multi-stage review cycles and assessed risk probability and impact to plan mitigation before issues reached delivery
- **Resources, procurement, and stakeholders:** recruited and supervised teams and volunteers, managed facilitators and suppliers, and kept partners engaged under competing priorities

EDUCATION

Ontario College Graduate Certificate, Advanced Communication for Professionals — In Progress
Fanshawe College, London, Ontario

Master of Digital Product Management — Expected 2027
Smith School of Business, Queen's University, Kingston, Ontario

Graduate Certificate, Project Management (Co-op) — 2026
Sheridan College, Ontario

Master of Arts, Art History — 2025
Queen's University, Kingston, Ontario

PROFESSIONAL EXPERIENCE

Project Manager and Program Lead — 2025 – Present
Emole Futures Initiative Inc., Kingston, Ontario

- Initiated the Black Youth in Business program with the executive team, defining objectives, scope, and deliverables so schools, mentors, and community organizations worked from one documented plan.
- Screened incoming partner and participant requests for completeness at intake, so work entered delivery ready to action instead of stalling on missing information.
- Developed integrated plans, budget estimates, and milestone schedules across four concurrent workstreams, giving every workshop, mentoring session, and public event a clear owner and date.

- Directed end-to-end delivery by recruiting, scheduling, and supervising program assistants and volunteer mentors, routing each activity to the right facilitator so work reached the correct owner the first time.
- Engaged facilitators and suppliers against agreed scope and cost, verifying completion before payment so the program paid only for delivered work.
- Monitored actual spend against the baselined budget, updated expense reports on a regular cadence, and escalated scope changes while they were still small enough to absorb.
- Identified delivery risks and workflow gaps early, documented decisions from planning meetings, and applied quality review to facilitator output, keeping teams aligned and standards consistent.
- Designed and analysed a 27-question community intake survey and presented dashboards and outcome summaries to executives and external stakeholders, producing findings that shaped the next delivery cycle.

Project Coordinator, Arts of Africa (Curatorial Residency) January 2025 – July 2025
The Metropolitan Museum of Art, New York, NY | Samuel and Gabrielle Lurie Fund Residency

- Coordinated collections and interpretation planning for the multimillion-dollar reinstallation of the Michael C. Rockefeller Wing, contributing to its on-schedule public reopening in May 2025.
- Aligned five specialist teams (curatorial, conservation, registration, education, and design) on deliverables, securing approvals on content, timing, and display before deadlines.
- Tracked versions, milestones, and deadlines through multi-stage review cycles, keeping print and digital deliverables synchronized with the installation schedule.
- Documented decisions from cross-team planning meetings and escalated schedule risks early, giving senior staff time to resolve issues before they threatened the opening date.
- Researched and wrote gallery interpretation and three published Heilbrunn Timeline of Art History essays, and presented to staff and stakeholders, making complex material clear for varied audiences.

Exhibition Project Coordinator and Curatorial Fellow January 2022 – May 2023
Denver Art Museum, Denver, CO

- Coordinated deliverables and budgets across concurrent exhibitions with fixed opening dates, balancing competing priorities while tracking progress and expenses to keep results on schedule and within budget.
- Managed gallery labels, catalogue copy, and digital interpretive content from drafting through review and approval to final printed and published output.
- Communicated scope and schedule changes to curatorial, education, design, and registration partners, keeping every team aligned as plans shifted.
- Incorporated community advisor feedback into scope and content decisions, so exhibitions and public programs reflected the communities they served.
- Handled and installed sculpture, textiles, and works on paper to professional museum standards, protecting object safety in partnership with registration and conservation.

Project and Curatorial Intern July 2021 – November 2021
Smithsonian National Museum of African Art, Washington, DC

- Supported exhibition planning and public engagement across curatorial, conservation, and registration teams, applying federal-standard intake, documentation, and object-handling protocols to keep collection records complete and accurate.
