Re: Program Coordinator, Family and Community Programs

Dear Hiring Committee,

I am excited to apply for the Program Coordinator, Family and Community Programs position at the Art Gallery of Ontario. Galleries are at their best when people of every age feel the space is theirs, and I have spent the last several years planning and running programs built around that idea.

As Program Lead at Emole Futures Initiative in Kingston, I plan and deliver workshops, mentoring sessions, and public events for young people across four concurrent workstreams. I recruit, schedule, and supervise program assistants and volunteer mentors, manage materials and facilitator budgets, and coordinate the logistics that make on-site programs run smoothly. I designed a 27-question intake survey to understand participants and measure outcomes, and I use those findings to shape each new cycle.

My museum experience grounds that work in the gallery. At the Denver Art Museum, I collaborated with community advisors to shape exhibitions and public programming and worked daily with education, curatorial, design, and registration colleagues. At the Metropolitan Museum of Art, I coordinated interpretation planning for the reinstallation of the Michael C. Rockefeller Wing alongside education and design teams, and wrote gallery interpretation that made complex material accessible to varied audiences. I hold an MA in Art History from Queen's University.

I am eager to bring this experience to the Hands-On Centre, Art Carts, children's programs, and Summer Camp, and to support the AGO's Program Assistants, Family Facilitators, camp counsellors, interns, and volunteers so that every family visit feels welcoming and well run.

Thank you for your consideration. I would welcome the opportunity to discuss how I can contribute to the AGO's family and community programs.

Sincerely,

Adekunle Adeniji
